Online Learning Librarian

Online Learning Librarian with 10+ years of experience in higher education, academic libraries, and information literacy instruction. Leads the design, development, and assessment of online instructional content, LMS-integrated learning objects, and user-centered digital learning environments that support online learning and research. Currently completing TripleTen's AI Automation Bootcamp, with hands-on experience building ethical AI-assisted instructional tools and automation workflows.

Technical Skills

HTML | CSS | GitHub | Zapier | Make | n8n | Learning Management Systems (LMS) | API Integration | Online Instructional Design | Information Literacy | Learning Object Development | Instructional Assessment

Technical Projects

AI & Education Current Awareness Dashboard | aiedudashboard.lovable.app

AI-powered dashboard for librarians monitoring AI and higher-education developments

- Designed a cloud-backed dashboard aggregating live AI and higher-ed news with librarian-focused context
- Reduced manual scanning by prioritizing recency, source transparency, and judgment-support notes
- Built solo in 1 week using Lovable, APIs, caching, pagination, and governance-aware AI design

Instruction Assistant | docs.google.com/presentation/d/1hnGo2wBWldt7XBS9EOJ4xIzAI5y1-E_622oGyIJ4cTg

AI-powered planning assistant for librarians generating instruction materials from new scholarly research

- Built an automated instruction assistant translating new research into ACRL-aligned teaching materials
- Streamlined one-shot prep by generating activities, discussion prompts, and APA citations
- Completed solo in 1 week using LLMs, scholarly APIs, Zapier, and instructional design frameworks

AI-Assisted Research Support & AI Literacy Landing Page | researchsupport.lovable.app

AI-enhanced research support site for students scheduling librarian help and learning responsible AI use

- Designed an AI literacy and research support site for scheduling librarian consultations
- Addressed student AI confusion through ethical guidance, curated resources, and service design
- Built solo in 1 week using Lovable, React, Tailwind, and Calendly integration

Professional Experience

AI Automation Specialist (Student), TripleTen, Remote

12/25 - Present

- Designs AI literacy tools measured by successful professional review across multiple projects by building domain-specific LLM chatbots with ethical guardrails and scholarly knowledge bases.
- Develops scalable online learning workflows measured by reusable automation across use cases by integrating APIs, webhooks, and no-/low-code pipelines (Zapier, Make, n8n).
- Improves instructional reliability measured by 100% project approval outcomes by applying prompt engineering, conversational design, and systematic testing practices.

Adjunct Professor of English, Saint Joseph's University, Philadelphia, PA

08/19 - 12/20

- Delivered information literacy instruction measured by successful engagement of 180+ students by teaching research-intensive writing and communication courses.
- Improved online course effectiveness measured by 50% fewer student inquiries by building a custom course portal using WordPress, APIs, and multimedia content.
- Strengthened ethical research practices measured by scaffolded student outcomes by designing project-based assessments integrating digital literacy and responsible source use.

Library Assistant, Atlantic Cape Community College, Mays Landing, NJ

01/12 - 09/13

- Delivered course-integrated information literacy measured by 30+ workshops teaching undergraduate research.
- Increased use of library resources measured by faculty adoption of custom materials by collaborating on discipline-aligned instructional sessions and research guides.
- Improved instructional services measured by data-informed refinements by analyzing student feedback and usage patterns from workshops and training sessions.

Education

AI Automation Certificate, TripleTen

Expected: 2026

Master of Information (ALA-accredited), Rutgers University, New Brunswick, NJ

08/14 - 10/18

MA in English, Rutgers University, Camden, NJ

09/09-01/12

BA in English, Saint Joseph's University, Philadelphia, PA

08/05 - 05/09
