AI Enablement Specialist

Accomplished and results-driven professional with expertise in delivering AI-powered training programs to accelerate technology adoption, strengthen workforce capabilities, and improve operational performance.

Demonstrated ability to translate complex technical concepts, AI frameworks, automation platforms, and digital tools into practical, accessible, and engaging learning experiences. Strategic educator, technology advocate, and AI enablement professional committed to empowering individuals and organizations through innovative learning solutions, technical excellence, and practical application of artificial intelligence. Strong technical knowledge of artificial intelligence, generative AI, large language models (LLMs), prompt engineering, workflow automation, conversational AI, digital productivity tools, and information systems.

Areas of Expertise

- Large Language Models
- AI Training & Facilitation
- Curriculum Development
- AI Use Case Development
- AI Literacy Development
- Research & Information Analysis
- Business Process Improvement
- Cross-functional Collaboration
- Continuous Learning
- Technical Documentation
- Training Needs Analysis
- Team Building & Leadership

Career Experience

- Web Developer • Freelance**

2018 to Present

Deliver user-centered web solutions by integrating stakeholder requirements, rapid prototyping, responsive design, and mobile-first development across instructional and operational platforms.

- Built scalable instructional and research web platforms using HTML, CSS, JavaScript, React, APIs, and AI-assisted development tools to enhance user experience, accessibility, and platform performance.
 - Led requirements discovery, project scoping, solution planning, and roadmap development in partnership with clients and cross-functional stakeholders to ensure efficient project execution, budget compliance, and timely delivery.
- AI Automation Specialist • TripleTen Apprenticeship**

2025 to 2026

Designed advanced prompt engineering strategies to maximize the accuracy, consistency, and contextual relevance of AI-generated outputs across customer service, marketing, operations, education, and business intelligence applications.

- Improved productivity and responsible AI adoption by leveraging LLMs, APIs, Zapier, Make, n8n, and webhooks to build scalable automation solutions, intelligent chatbots, learning tools, and research platforms.
 - Leveraged generative AI solutions in real-world environments by establishing scalable AI adoption programs, creating experiential learning resources and structured implementation workflows, and empowering diverse users.
- Adjunct Professor of English • Saint Joseph’s University**

2019 to 2020

Guided students in developing advanced academic writing, persuasive argumentation, literary analysis, research methodology, citation practices, information literacy, and professional communication skills applicable across academic disciplines.

- Enhanced content accessibility, centralized instructional resources, and reduced course-related support inquiries by 50% through the implementation of a customized WordPress learning platform.
 - Cultivated research, digital literacy, and information literacy competencies across writing-intensive undergraduate courses through learner-centered instructional design, ethical research education, and responsible technology integration for 180+ students.
- Outreach Assistant • Cape May County Library System**

2017 to 2018

Orchestrated community engagement, digital literacy, and technology outreach initiatives through Virtual Reality programming, digital content strategy, social media engagement, and cross-functional partnerships.
- Library Associate • Atlantic County Library System, Egg Harbor Township Branch**

2013 to 2017

Led strategic program initiatives by leading 15+ member committee, optimizing program delivery, improving service accessibility, and expanding community engagement to achieve 50% increase in participation.

...Continue...

- Directed grant-funded regional humanities initiative by securing New Jersey Council for Humanities funding, managing program execution, increasing community participation, and generating positive media recognition.

Additional experience as Adjunct Instructor | Library Associate | Library Assistant | Writing Assistant | Writing Tutor and Mentor within well-reputed organizations

Publications

Book

- Stirm II, Michael. *The Call of Liberty: George Washington's Epic Journey*. Amazon Kindle Direct Publishing, 2025
